## ABOUT HAROLD SQUARE

---

-Harold Square opened in June of 2006 with the goal of filling a huge void that we saw missing in casual dining. After many years in the fine dining business we became frustrated trying to find an establishment that had high quality food and customer service without the pretense or high prices. We wanted a place where families would be welcomed and not made to feel uncomfortable bringing children. After spending considerable time in NYC I fell in love with the neighborhood establishments that served incredible food and the atmosphere found there. People behind the counter remembered your name and would engage you in conversation anytime possible. These people also never looked at their jobs as merely a job but more of a craft and took pride in what they did.

Upon returning back to NH and now with a family we rarely found these places or types of people working there. Customer service it seemed was a lost art form only reserved for those with the right budgets. And so you have Harold Square!

Where did the name come from??

The name is a spin on my boyhood nickname (harold) and the actual "Herald Square" in NYC. Anyone who has ever seen Macy's on the Thanksgiving parade has seen Herald Square. We are now happy to see you in our "Harold Square".

We look forward to meeting you,

Ben & Kim Cass

***We also offer a full line of catering.  
We can accomodate events of all sizes.  
Custom menus are our specialty so let us help  
with your next function!***
